Dear Ken and all concerned,

Again I want to thank you so much for the opportunity to continue my swath mowing contract with the city of Prescott Valley. I appreciate our great working relationship in this endeavor.

After our last conversation concerning this next year's contract renewal, I have considered all we talked about and really try to put it all in perspective as the business owner of Larry's Mowing Service. With the decreased area to maintain it has really put a squeeze on profits to say the least. With my wife's condition and many add expenses to remain in business I cannot do the same work at old rates.

If you get me the ponds to mow at least twice per year that would generate some extra income and we could live with the 1% increase we discussed. If that is not an option, then I deserve the 2% allowed in the contract. We appreciate all you and the city of Prescott Valley do and we desire to continue doing our part in making our town look great. We trust this will work for all of us concerned.

Thanks,

  
Larry A. Berger
