**Re: LOOS DRIVE WIDENING PROJECT PHASES 2 & 3
ROBERT ROAD TO RANGER ROAD
CIP #S339.2 & #S339.3, CDBG Grants #110-13 & #141-13
RECOMMENDATION OF AWARD**

Ms. Moon,

Five bids were received by the Town of Prescott Valley for the Loos Drive Phase 2 & 3 Improvements project at 3:30 PM on September 9, 2013. We have reviewed the bid information provided by the Town of Prescott Valley, tabulated the bid amounts of all the Bidders and verified the license and the absence of complaints with the Arizona State Registrar of Contractors for Earth Resources, the lowest bidder for the project.

The following deficiencies were noted in the bids received:

Earth Resources – Their combined projects base bid and additive alternates bid amount of **\$599,909.42** was the lowest bid received for the project and contained no mathematical errors. Their bid schedule was complete and the attached print out from the Registrar of Contractors web site indicated that the license was valid and there have been no complaints.

Alliance Streetworks – Their combined projects base bid and additive alternates bid amount of **\$635,454.56** was the 2nd lowest bid received for the project and contained several mathematical errors as highlighted on the attached Tabulation of Bids spreadsheet. Their hand written total bid amount of \$638,241.58 was higher than the tabulated amount due to simple errors in multiplying the unit price by the quantities. The errors did not change the order of the bids and they remain as the 2nd lowest bidder.

CLM Earthmovers – Their 3rd lowest combined projects base bid and additive alternates bid amount of **\$687,510.69** contained no mathematical errors. Their bid was complete.

**LOOS DRIVE WIDENING PROJECT PHASES 2 & 3, ROBERT ROAD TO RANGER ROAD CIP #S339.2 & #S339.3, CDBG Grants #110-13 & #141-13
RECOMMENDATION OF AWARD**

Asphalt Paving and Supply – Their 4th lowest combined projects base bid and additive alternates bid amount of **\$759,407.85** contained no mathematical errors. Their bid was complete.

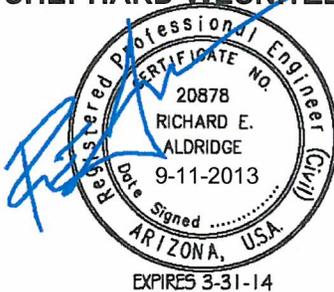

Fann Contracting – Their 5th lowest combined projects base bid and additive alternates bid amount of **\$767,547.00** contained no mathematical errors. Their bid was complete.

The construction CDBG grant funding available for the project is \$668,322.00.

Based on our tabulation of the bids received and verification of the license with the State Registrar of Contractors, we would recommend award of the project to Earth Resources, Inc., at their combined projects base bid and additive alternates bid amount of \$599,909.42.

If you have any questions, please contact me at your earliest convenience. A copy of the bid tabulation is attached along with the print out from the Arizona Registrar of Contractors for Earth Resources Corporation.
