**A. Briefly discuss why you are interested in this appointment:**

I was asked to consider an appointment given my interest in the Town's growth and construction activities. I have an interest in seeing the Town grow in a well planned manner while attracting quality employment opportunities for its residents.

We have been very impressed at the Town's systems and processes in the building and development departments and it's vision for growth and transportation has been impressive as well.

**B. Briefly describe your experience in general city or town planning, zoning and/or construction: 30 years residential new homebuilding experience as well as 32 years of residential land acquisition, sales including re-zoning and development of Master Plans & PUDs involving nearly 20,000 single family lots.**

**C. My experience with Planning and Zoning has always been from the perspective as the applicant or Broker/Agent for the applicant vs. from the Town or City side of the process.**

**C. Please list any additional information about your knowledge, skills or abilities that would assist the Town Council in selection of members.**

Previous positions held in Public Home Building companies (nearly 20 years) as Vice President of Land Acquisition and Development involved detailed, near term scheduling as well as long range planning. This experience seems to be well in line with actions we see the Town executing.
