SUMMARY BACKGROUND: The Town of Prescott Valley is participating in the Central Yavapai Metropolitan Planning Organization (CYMPO) Regional Transportation Plan (RTP) Update which is performed approximately every 5 years. The professional transportation firm of AECOM began the RTP Update this past November 2013 and has utilized current Census data and land use plans from area governmental agencies to develop travel demand forecasts to identify current transportation needs and projected needs into future horizons for years of 2025 and 2040. These traffic models are the basis for establishing project funding priorities for regional needs.

Public Meetings are conducted at two key points in the year-long study process to present study findings and gain resident input for prioritization of short term and long term transportation improvement plans. The first public meeting is to be conducted on Wednesday, April 23rd, between 1:00 - 3:00 p.m. and again from 5:30 to 7:30 p.m. in the Prescott Valley Public Library Auditorium.
