RE: Response Request for Utility Easement Abandonment; Viewpoint Dr & and E Long  
Look Dr Prescott Valley, AZ

After a review of our existing facilities, forthwith is our response to your request on January 6, 2014 for comments on the abandonment for the realignment of Viewpoint Dr to include APN's 103-38-683, 103-38-685-687, an area that is described in your emails and attachments; we **have no objections** on this proposal. We did have buried cable/drops running through the southwest portion that was removed by you during the realignment of the roadway, which, at the time was not servicing any customers and with the present realignment will not be necessary in the future.

If you have questions, concerns or need additional information, please do not hesitate to contact me at 520-838-3039.

Best Regards,

A handwritten signature in black ink that reads "Dennice Huffman".
