Dear Alex,

Again I want to thank you so much for the opportunity to continue my swath mowing contract with the city of Prescott Valley. I appreciate our great working relationship in this endeavor so far.

Even with cost continue to increase, I have considered our last conversation and will except your offer continuing under last years agreements, including Highway #69 and the Lakeshore Drainage, for the following year beginning July 1, 2014. If you can continue helping with trimming would mean a lot.

With having to purchase the bigger truck and hauling trailer for sure adds a lot to Insurance and other cost, if you should have any other mowing available would help with our staying in business as a small business person. We appreciate all you and the city of Prescott Valley do in considering our work and we will strive to do everything we can do help keep our part Looking Great.

Thanks,

Larry A. Berger
