

Citizen of the Month Criteria for Selection

Board consists of six varied community members – four who live and work here, and two who head up organizations with primarily local ties (Habitat for Humanity and Stepping Stones). They may either meet monthly in person or by email.

1. The person must be a Prescott Valley resident, or in the case of an organization or business should have a large presence in Prescott Valley.
2. The person may have served the community in an organization, such as volunteer work, or be nominated for a series of or single selfless acts. This will allow for some folks who may otherwise never be recognized for the ways they give back to the community. In the case of organizations or businesses, we will look for a significant contribution to the community.
3. Nominations if not chosen may be put back into the pool for later consideration.
4. Nomination forms will be sent to the board each month for consideration.

We'll ask for nominations through newspaper, social media, and a brochure that we design in-house.
