A. Briefly discuss why you are interested in this appointment:

I have owned property, or an interest in property, in Prescott Valley for over 30 years. Even during the many years that I lived outside the Town limits, I was interested in the development and wellbeing of the Town. I have watched with interest and pleasure, its development and growth into a well run, prosperous, and forward looking community. I am proud to live here and would consider it a privilege to contribute what experience or ability I have to the process.

B. Briefly describe your experience in general city or town planning, zoning and/or construction:

As a lawyer I worked with engineers, architects and developers of residential, commercial and industrial properties. I also worked with city planners of Phoenix, Tempe, Maricopa County, and surrounding cities and counties on subdivisions, drainage, signage, streets, parking and infrastructure. I had to be able to read, understand and discuss everything from topographical maps and subdivision plats to architectural and utility plans. I prepared the documents for acquisition, financing, construction, management and maintenance responsibility.

B. Please list any additional information about your knowledge, skills or abilities that would assist the Town Council in selection of members:

I have owned residential and commercial property in Prescott Valley. I recognize that the way a town develops affects property values as well as quality of life.

My undergraduate training in anthropology and archaeology, as well as a life-long interest and hobby of history and Arizona Native American culture tend to make me sensitive to the value of the history of our region and the importance of preserving its remnants.
