**SUMMARY/BACKGROUND:** The approved budget for Fiscal Year 2014/2015 includes the funding to purchase playground equipment for Tonto North Park. This project is funded by donations from both North Central University and the Yavapai-Prescott Indian Tribe.

On Saturday, October 18, 2014, the Commission conducted a work study at Tonto North Park meeting with the neighborhood seeking feedback on desired features for the playground. The direction provided by the neighborhood was to procure a play system that: serves ages 2-12; provides a mix of traditional and non-traditional play equipment; displays a color palette of yellows, greens, oranges, grays, and browns, and removes the existing sand replacing it with a wood fiber safety surfacing material.

During the November 17, 2014 regular meeting of the Parks and Recreation Commission staff presented six playground equipment options from three different companies proposing the sought features. The consensus of the commissioners was to recommend the installed submittal quote from Triple M Recreation (GameTime) in the amount of \$36,099.70. The playground equipment can be purchased from the U.S. Communities cooperative contract. The cost of this equipment is within the budget for this project.
