Transaction privilege tax collections are showing a positive trend in many areas including retail, restaurants and bars, finance, insurance, and real estate.

Licenses and permits are favorable to prior year by 22.25% and 43.13% to budget. This positive variance is mainly due to permit activity.

Intergovernmental revenues represent the revenues that the State and other governmental entities provide to the Town. The general fund reports Urban Revenue Sharing, State Sales Tax, Auto Lieu Tax and other intergovernmental revenues (Yavapai County flood control, Yavapai County library, Yavapai College and utility administration).

Total intergovernmental revenues increased by \$437,086 over the previous year; however we are below budget estimates due to the following:

- The Town budgeted to receive \$336,620 from Yavapai County for the Library. There have been no funds received during the reported period.

Charges for services decrease by \$19,459 over the previous year and are unfavorable to budget by \$38,649. The decrease is mainly due to difference in budget allocations for ice skating fees.

Fines and forfeitures decreased by \$46,347 over prior year and are below budget estimates by 30.71%. Compared to prior year collections, fines and forfeitures are behind mainly due to less than budgeted collections of court fines and hearing fees, and due to the reversal of the year end court cash.

**Town of Prescott Valley
Management's Discussion and Analysis**

Investment and rental revenues are unfavorable to the budget for the current year mainly due to the reversal of the year end interest receivable journal entry. This variance will improve as investment earnings are booked throughout the fiscal year.

Miscellaneous revenue is unfavorable to budget by \$15,373 during the period reported.

Other financing sources are favorable compared to the budget mainly due to quarterly transfers that were completed during the reported period.

- Town Council expenditures are unfavorable to budget mainly due to the annual membership dues for the League of Arizona Cities and Towns and NACOG that was paid during the reported period.
- Non Departmental expenditures are unfavorable to budget due to developer contributions payments higher than budgeted and transfers from General Fund to Debt Service Fund that were completed during the reported period.

As revenues and expenditures are monitored, it is important to review the Town's position of total revenues over (under) total expenditures to ensure the Town is in compliance with policy and bond covenants. Over the last several years, operations have been partially funded by fund balance. For the current fiscal year, expenditures were not budgeted to be covered by fund balance.

Management's Discussion and Analysis**

Enterprise Funds

The Wastewater and Water Funds are Enterprise Funds which means they are operated similar to a private business where the intent is for them to be financially self-sufficient with all costs supported mainly by user charges. Because enterprise funds are operated like businesses, they have operational costs, capital, debt service and unlike the government funds, depreciation expense.
