SUMMARY BACKGROUND: The Parks & Recreation Department is seeking authorization to award renovation services for the Mountain Valley Splash Pool spiral slide and mushroom water feature as budgeted for FY 2014/15. Mountain Valley Splash was established in 1995 and after 20 years of patron usage we are in need of this renovation to continue to meet the level of service that our patrons expect. The vision for this project will include the restoration of the ride surface of the slide with gel coating, repainting of the slide exterior and refinishing of the mushroom water feature. The two pieces of equipment proposed for renovation are shown per Figure 1.

Three quotes meeting specifications and required qualifications were received and are listed below in Table 1 per low bid.
