SUMMARY/BACKGROUND: This is a public hearing on a request by the Town of Prescott Valley for consideration of amending Chapter 6 of the *General Plan 2025*, Exhibit CIR-10 in the Circulation Element. While preparing Chapter 14 subdivision code revisions, it was noted that the cross-section diagrams in the *General Plan 2025* did not reflect current street composition. Updated sections were prepared by the Town Engineer to amend Exhibit CIR-10 in Chapter 6, the Circulation Element of the *General Plan 2025*. Changes to the diagrams include the option of using a multi-use pathway in lieu of sidewalks and an additional option for a minor arterial street. The Planning and Zoning Commission held a public hearing on this item during its regular meeting on December 8, 2014, and voted to forward a recommendation of approval to the Town Council for GPA14-007.
