Re: Professional Services Agreement with CH2M HILL/OMI, Out of Scope Services Clause, Section 9 of the Restated and Amended Agreement dated April 24, 2008.

Dear Gary Young,

Per our previous discussions, the subject agreement will address a project to install: : Anoxic Basin Mixers at the Prescott Valley WWTP, Transfer Switch at the Santa Fe Well, Subtrol Motor Savers at five well sites, Flow monitoring in the collection System and completing a Capacity Study at the WWTP, in our 2014-2015 Capital Budget. Our intentions are to utilize our Professional Services Agreement, more specifically; Section 9 of our Amended and Restated Agreement dated April 24, 2008.

Section 9 states: CH2MHILL/OMI shall perform other services that are Incidental to the Scope of Services, as directed by the Town. Such services will be invoiced to the Town at CH2M HILL OMI's Cost plus fifteen percent, (15%) or as otherwise mutually negotiated and agreed upon. Working with local OMI Staff, the scope for this project has been identified and costs determined.

CH2MHILL/OMI's Scope: The Town of Prescott Valley is asking CH2M HILL/OMI to: procure construction services, provide administrative & installation support, and perform project related billing services. The Out of Scope markup of cost plus fifteen percent (15%) will be applied to portions of this work, as outlined in the breakdown below. As always we look forward to partnering with CH2MHILL/OMI in an effort to advance our infrastructure.

Breakdown of costs and services:

<i>Water System upgrades</i>	Labor-Material-Taxes	15% Mark-up	Total Cost
