**SUMMARY/BACKGROUND:** In 2015, the Prescott Valley Police Department (PVPD) applied for project funding from the Arizona Department of Homeland Security (AZDOHS) under the Homeland Security Grant Program. Funding for this program is awarded to projects which support the state's initiative to enhance preparedness and response capabilities during CBRNE and other critical incidents. Past grant awards from AZDOHS have given PVPD the ability to improve voice, data and radio communications; enhance interoperability with surrounding first responder agencies; provide officers with specialized protective equipment; enhance the Emergency Operations Center (EOC); and improve overall response to critical incidents.

On September 11, 2015, PVPD received notification from AZDOHS of a grant award to receive partial funding for the application that was submitted. Through the AZDOHS State Homeland Security Grant Program, we will receive \$10,040 towards our Prescott Valley EOC Enhancement project. The funding will support the purchase of eight (8) laptops.

The Department is seeking acceptance of the grant award in the amount of \$10,040. Upon acceptance of the grant award, PVPD will be allowed to expend funds for the equipment as outlined in the grant proposal and will be fully reimbursed for expenses. The grant performance period is October 1, 2015 through September 30, 2016.
