Re: Prescott Golf & Country Club liquor license #06130032 extension of premises

Dear June:

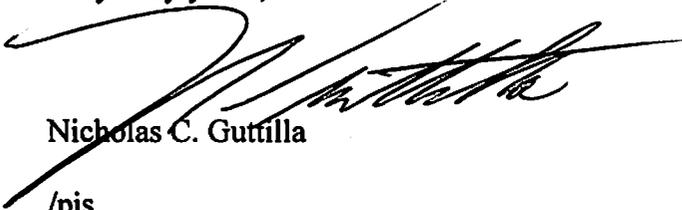

My law firm represents Hall, Inc., d/b/a Prescott Golf & Country Club, and its principals Jeff and Jessica Hall regarding its state liquor license.

In August 2011 Hall Inc. was issued liquor license #06130032 and the licensed premises included the restaurant which is deep within the boundaries of the golf club property. Following issuance of the liquor license, a tenant desired to get its own restaurant license and the restaurant portion of the property was "carved out" from the series 6 premises so that a restaurant license could be issued to the tenant. Subsequently a second tenant took over for the first and obtained his own liquor license for the restaurant. The second tenant is now vacating the restaurant and Mr. and Mrs. Hall are seeking to reincorporate the restaurant back into liquor license #06130032 as it was when the liquor license was first issued.

Enclosed is a permanent extension of premises filing to reincorporate the restaurant back into liquor license #06130032. Your favorable consideration is appreciated to restore the licensed premises back to what it was when the license was first issued in 2011. If this meets with your approval, please have an authorized person sign the extension of premises form on page two at the place provided for the local governing body. We will then file it at the Department of Liquor.

If you have any questions please contact me or my paralegal, Pam Sines, at (480) 304-8300 or at [psines@gamlaw.com](mailto:psines@gamlaw.com), or contact Jessica Hall at (928) 899-2486.

Very truly yours,

  
Nicholas C. Guttilla
