RE: Chlorine Auto Shutoffs and SCADA integration for work provided by Enviro Tech Electrical and integration by Rottweiler Controls: Professional Services Agreement with Ch2MHILL/OMI, Out of Scope Services Clause Section 9 of the Restated and Amended Agreement dated June 25, 2015

Dear Gary Young,

Prescott Valley is installing chlorine auto shutoffs at eleven (11) well sites within our Water distribution System; Quailwood 4, Mingus West, Manley, PCC, Laredo, Kurtz, Quailwood 2, Double S, Fairgrounds, Lower Lynx and Long Shot. The chlorine auto shut offs will be connected to SCADA to provide remote alarming of either a leak detection or an actual shut off of a chlorine unit. The devices are a safety precaution for nearby neighborhoods in the event we did experience a chlorine failure at one of our well sites. Our goal is to utilize our Professional Services Agreement, more specifically; Section 9 of our Amended and Restated Agreement dated June 25, 2015.

Section 9 states: CH2MHILL/OMI shall perform other services that are Incidental to the Scope of Services, as directed by the Town. Such services will be invoiced to the Town at CH2M HILL OMI's Cost plus fifteen percent, (15%) or as otherwise mutually negotiated and agreed upon.

CH2MHILL/OMI's Scope: The Town of Prescott Valley is asking CH2M HILL/OMI to provide: administrative support, project related billing services, coordination, physical mounting of the units to the cylinders by trained CH2M professionals and physical on site testing of the chlorine auto shutoffs for the contractors.

Price of Services: Chlorine auto shutoff unit power supply by Enviro Tech Electrical including tax: \$22,015.00, SCADA integration and testing by Rottweiler Controls including tax: \$6,933.00, and \$425.50 for physical mounting of devices and onsite testing by CH2M HILL. CH2MHILL/OMI Out of Scope Markup of (15%) \$4,406.02, for a total estimated project cost of: \$33,779.52.

Payment Terms: Pursuant to Section 13 of our Professional Services Agreement dated June 25, 2015.

CH2M HILL

Town of Prescott Valley, Arizona
