PROBLEM IDENTIFICATION AND RESOLUTION:

Prescott Valley Police Department of 63 sworn and 18 civilian personnel. They maintain a Patrol Section, Traffic Unit, CIS, Community Response Team, K9 Unit, SWAT, Animal Control and other support units. They support community policing, crime prevention, School resource/DARE instruction and volunteers. They also participate in Partners against Narcotics Trafficking, N AZ Region Training Academy and N AZ DUI Taskforce.

Prescott Valley is located in Yavapai County, 85 miles north of Phoenix. It encompasses 37.7 square/miles between the Mingus and Bradshaw Mt. Ranges in the high-desert region of central AZ. At an elevation of 5,100 ft., Prescott Valley offers a mild climate with an average low of 38 degrees and average high of 73 degrees.

Prescott Valley is a growing community with a population of 38,357. The economy is comprised of industrial, manufacturing, retail and service businesses. Prescott Valley offers affordable housing from apartments to single family homes. It is a hub for education, entertainment, medical and retail services; and provides many employment opportunities.

Two highways run through Prescott Valley. State Route 69 spans 11.2 miles and State Route 89A covers 9.6 miles. These thoroughfares are the main corridors connecting Prescott Valley, Prescott, Chino Valley and Dewey-Humboldt, including unincorporated areas. The traffic count results for State Route 89A included a section from Glassford Hill to Viewpoint with an average of 27,000. This area has also had an increase of residential and commercial development.

An increase in calls, along with a lack of manpower, has caused officers to be reactive rather than proactive while on-duty. Limited budget funds for overtime (OT) are used for holdovers, staffing issues and enforcement which leaves no funding for additional off-duty activities. Prescott Valley Police Department relies solely on grant funds to carry out these duties. Without continued grant funding for off-duty OT services, they will be unable to staff educational events and enforcement saturation patrols that target traffic enforcement.

Enforcement efforts include, but are not limited to, DUI and select traffic saturation patrols on a weekly basis, increased holiday patrols, DUI checkpoints and sponsoring of "free ride" programs. They also provide public education and awareness related to all aspects of traffic enforcement. All of these efforts have been successful in reducing the number of vehicle related fatalities. Continuation of these efforts is necessary to maintain and improve highway safety in Prescott Valley.

The traffic Sergeant will be responsible for administering the OT enforcement details for holidays and weekends and will be responsible for providing stats as required by GOHS. The Sergeant will schedule 1-2 officers per weekend throughout the entire 12 month grant period to perform DUI and select traffic enforcement details.

OBJECTIVE:

Federal 402 funds will support Personnel Services (including overtime) and Employee Related Expenses for enhanced Selective Traffic Enforcement Programs throughout the Town of Prescott Valley.

This project will be targeted at identifying and taking enforcement action on aggressive drivers, impaired drivers, occupant protection, speeding, and other highway safety related laws to reduce injuries and fatalities throughout the Town of Prescott Valley by five percent.

METHOD OF PROCEDURE:

The Prescott Valley Police Department will include the following activities as part of the enforcement operations:

1. To maximize effectiveness of the 402-funded overtime and enforcement equipment, the Prescott Valley Police Department will determine enforcement activities by using one or a combination of the following:
 - a) Citizen complaints
 - b) Traffic crash data
 - c) Holidays
 - d) Community events
2. Conduct ongoing public information and education programs to promote traffic safety and driver awareness.

The Governor's Office of Highway Safety has public information and education materials. These materials may be available at no cost to highway safety advocacy groups and jurisdictions. Personnel of the Prescott Valley Police Department may distribute these materials at health fairs, community events, and enforcement activities, i.e., sobriety checkpoints and news conferences.

3. Participate in multi agency task forces, specifically the statewide Arizona DUI Task Forces.

The Prescott Valley Police Department will also participate, as necessary, with the Arizona statewide DUI Task Forces. The mission of these Task Forces is to "*Unite Arizona communities to implement a coordinated public information and education campaign along with combined DUI enforcement activities with an emphasis on holidays and specific event days throughout the year.*"

And, in addition, it is the responsibility of the Prescott Valley Police Department to report all holiday task force or individual agency enforcement statistics to GOHS on-line at the GOHS website no later than 1000 hours the morning following each day of the event. The holidays and special events

include: Super Bowl Sunday, Valentine's Day, President's Day, St. Patrick's Day, Spring Break, Easter, Cinco de Mayo, Prom Night, Memorial Day, Graduation Day, Independence Day, Labor Day, Columbus Day, Halloween, and the Thanksgiving through New Year's details.

PLEASE NOTE: Failure to report statistics on time and correctly may result in reimbursements being denied.

Errant drivers contribute to the growing problems of hazardous traffic conditions and criminal acts related to traffic. To adequately address these unique issues, a concentrated and dedicated enforcement and a public awareness campaign is mandatory. To successfully modify errant drivers, the law enforcement must develop a new strategy. This strategy must include intensive pro-active enforcement and public awareness campaigns.

The Prescott Valley Police Department will carry out a comprehensive enforcement and public awareness program. This program will specifically target speed, DUI, seat belt, and child restraint violations. The Prescott Valley Police Department agrees that the key to a long-term solution to the problem of errant drivers is education. This program will actively participate in a public information and education campaign using both the electronic and printed media. This activity will include carrying out a comprehensive program of public service and awareness announcements that will detail the objectives of the program. The Prescott Valley Police Department will design these to heighten the awareness of the public to the hazards of excessive speed, aggressive driving, DUI, seat belt, and child restraint violations.

It is the policy of this program that personnel will take an aggressive approach to the enforcement of traffic and criminal statutes relating to these violators. The goal of the officer will be to correct the offender's behavior in a way that will make a lasting impression. Standard enforcement approaches may not result in such permanent change. Therefore, strict "zero tolerance" enforcement will be the methodology during this program.
