SUMMARY/BACKGROUND: The Public Works streets maintenance budget includes Highway User Revenue Funds (HURF) gas tax dollars to apply maintenance treatments on a yearly basis to Town roadways. Due to high traffic and truck volumes, Glassford Hill Road is a high priority for use of available HURF roadway maintenance dollars. Project plans have been developed for application of an Asphalt Rubber-Asphaltic Concrete Friction Course (AR-ACFC) surface treatment to Glassford Hill Road from Highway 69 to Long Look Dr.

Coupled with the ADOT administered and Federally funded American Reinvestment and Recovery Act (ARRA) project AR-ACFC application for Glassford Hill Road from Long Look Dr. to Highway 89A, Glassford Hill Road will have a new fully complete final pavement surface course from Highway 69 to Highway 89A.

This action is for award of a construction contract to the lowest responsive bidder for AR-ACFC application to Glassford Hill Road from Highway 69 to Long Look Dr. On April 26, 2010, three (3) bids were received, opened and read aloud:

Rank	Bidder	Total Bid Amount

2nd	Fann Contracting, Inc.	\$299,299.29
