C) Letter Dated January 6, 2011

**SUMMARY/BACKGROUND:** The Town of Prescott Valley has been participating through the Central Yavapai Metropolitan Planning Organization (CYMPO) for regional public transit enhancements. Past discussions with Council resulted in staff letters to the CYMPO Chairman dated June 29, 2007, and March 9, 2009, outlining Prescott Valley's direction in response to regional transit studies completed by professional consultant firms specializing in transit.

CYMPO has now advertised a Request for Proposals (RFP) for response by private transit providers to start a Regional Public Transit Service. Responses from transit providers can include many types and service levels for public transit service but must sustain service with no local government dollars (including future budget years). Proposals are due February 17, 2011. A Technical Advisory Committee will evaluate the Proposals received.

Council direction in the past has been in favor of a regional public transit system but with emphasis that a new, sustainable funding source must be identified. The proposed letter from Council to the CYMPO Chairman (attached) is intended to give similar Town direction as Proposals are evaluated.
