Re: CYMPO Regional Transit Needs Study

Dear Ms. Rooney:

Prescott Valley Town Council met in a work study session on Thursday, June 28, 2007 to discuss and comment on the CYMPO Regional Transit Needs Study Final Report. Resulting direction given to staff is to focus attention on local transit needs for the Town of Prescott Valley residents and explore a "new" funding source which may include instituting a rental property tax. Town Council also conveyed interest in moving forward to explore transit service opportunities on a regional basis through participation in the Central Yavapai Metropolitan Transportation Planning Organization.

This letter serves to address the CYMPO Executive Board's direction at their April 18, 2007 meeting to have member agencies respond on their preference of transit options identified in the Transit Study and a sustainable funding source.

Sincerely,

Norm Davis
Public Works Director/CYMPO TAC Member

c. Larry Tarkowski - Town Manager
