**How did you learn about this Commission?**

Over the years I have attended numerous events put on by the Commission, which familiarized me with the group.

**What prompted you to apply for this Commission?**

I am applying first and foremost because I wish to volunteer with the town. I chose this particular commission because I have a genuine interest in arts and culture. I also personally enjoy the events that have been sponsored by the Commission and would be honored to be involved in something that allows "all persons to participate in diverse art and culture activities...thereby enriching the lives of our citizens".

**How do you view the future of arts and culture activities in Prescott Valley?**

It is my personal feeling that an appreciation of the arts is an absolutely critical part of being a well-rounded, open-minded and tolerant individual. It is also one of the things that many smaller towns lack, for a variety of reasons. It is exhilarating to think that I could be a part of something that makes a point of encouraging community involvement and gives children the opportunity to widen their perspectives and seek out new knowledge.

What makes Prescott Valley's town events so enjoyable is their true homegrown, family-friendly nature. Hot air balloon launches, community talent shows and the Christmas parades are all things I vividly remember from my childhood. My vision for the future of arts and culture activities looks much like what it currently is and how it has been steadily developing over the years. I'd love to see it continue to grow, with activities that involve the residents and give the kids something to look forward to the way I did – while simultaneously educating and broadening their horizons.

**Please describe any education, training, skills, or experience you have that apply to your service on this Commission.**

On a professional level I have served in various leadership capacities in Toastmasters (including Sergeant at Arms, Public Relations Director and a term as President). I have also worked for the national headquarters of Best Western International. Here that I was responsible for making sound business decisions for the over 500 Best Westerns located throughout the Southwest, presenting the results of their regional marketing efforts at quarterly meetings.

Since returning to Prescott Valley I have put my skills to work as a bookkeeper for one of the areas largest property management companies. I am also on schedule to graduate from Northcentral University in 2011 with my Bachelor's degree in Business Administration.

On a personal level I enjoy art and would love to play a part in bringing more of it to the Town of Prescott Valley. I have won various ribbons in the amateur photography division at the Yavapai County Fair and have published a book titled D.O.A. (under the pseudonym A. Kate Ables). I have done copywriting work on the side for a fashion blog and am working on my second novel, a follow up to my first.

**Do you have a specific role you want to embrace on the Commission?**

Initially I'd like to simply to lend my services to the town through the Arts and Culture Commission. Once I become more familiar with the Commission and can determine where my talents could be best utilized, I would love to consider taking a leadership position.

**Please list any additional information about your knowledge, skills or abilities which would assist the Town Council in selection of members:**

I have ten years of professional office experience, have excellent written and verbal communication skills and am proficient on all Microsoft Office programs. I also have a very solid soft skill set, including highly developed negotiation, problem solving and time management skills.
