**CANDIDATE INTERVIEW QUESTIONS
2011**

General #1 -- As a Council Member you will be required to attend meetings throughout the day and evening hours. Does your schedule allow you to attend special meetings that may be called on short notice, as well as, full day and out of town meetings?

My schedule is open as I am
Retired.

#2 - What special experiences enable you to be an effective Council Member?

I have a building and construction trade
background. I am a very good listener.
While working the state of AZ I had
to deal with several different agencies
and with the public.

Role #1 -- What do you consider an appropriate relationship between the Council and staff?

I Feel That The Council members
Should respect All STAFF AND Listen
TO All of Their Concerns AND Ideas.
And hope That by doing THAT MAKES A
PLACE where ALL STAFF WANTS TO WORK.

#2 -- If it appeared that a clear majority of the people felt one way on a particular issue but you firmly believed the opposite action should be taken, which way would you vote and why?

I would Listen To Council members
AND Thoroughly THINK of my decision.
IF I Feel. IT WAS NOT The Appropriate
Vote, I would vote The opposite way
IN The Best interest of The Community.

I Feel THAT I would be doing AN
INJustice TO Follow everyone Else if
I did NOT believe on The issue
and do NOT Feel. THAT I would be
doing my Job.

#3 -- What do you perceive is the job and responsibilities of a Councilmember?

I believe THAT AS A Council member.
THAT you must be concerned with. The
City operations and keeping it in the
BLACK & PROFITABLE, you must make the
Appropriate decisions for the citizens
of the community and have them
Feel like you are looking out for
The community concerns.

**Issues #1 -- What in your opinion is the most important issue facing the Town of
Prescott Valley?**

At the present time I feel like the
Economy is the most important issue
for the town. I feel like we should
try to focus on seeing what we could
do to get more business to relocate
here to help the job market and that
alone would help a lot of other
problems.

#2 -- As a Council Member, what issues or projects would you like to promote?

I would like to see that a park be built on top of Glassford Hill, as it was one used as a signal point for the Calvary Troops. It would make a great view of the valley for visitors and history buffs.

I would also like to see how we could bring more jobs and long term industry into the community.

#3 -- In your view what is economic development and what is the Town Council's role is?

In my view economic development is to help the economy and bring in new business and also help the struggling businesses that we have already. So that we can bring new jobs and keep the ones we already have.

The town council role is to try and help bring in more jobs and stability to the community.

#4 -- What is your opinion on the implementation of a property tax?

I could see AN implementation of
PROPERTY TAX in the future.

When The Economy is more STABLE
AND more Able to support A TAX without
A lot of the Community HAVING TO LOOSE
Their houses, some people CAN AFFORD A TAX
AND A lot CAN NOT, A lot of people ARE
HAVING their wages cut AND HAVING TO
TO TAKE Furlough days.

Future #1 -- Identify Prescott Valley's strengths and what recommendations do
you have for future planning.

Prescott Valley strengths will include
A HOSPITAL, SPORTS ARENA, ENTERTAINMENT DISTRICT
SHOPPING AND SOON A MEGA RETAILER; ALSO
MANY RESTAURANTS.

The E. D. promotes FAMILY VALUES AND
I THINK IT IS GREAT THAT WE ARE GROWING.

I would ALSO like to see more growth
in the E. D. with maybe more shops or
RESTAURANTS. I would like to see some parts of Hwy 69
on the north side cleaned up. PUT IN PARKING.
LIGHTING FOR THE BUSINESSES FROM NAVATO TO
MEADOW LARK DR

Must be returned to the Town Clerk's Office no later than
5:30 p.m. February 1, 2011

#2 -- Based on the current economic conditions, how should Prescott Valley position itself for the future?

I think Prescott Valley should try to get some long term jobs in the area that will employ people for years to come. That would help in more revenue and taxes for the town and would help more individuals feel comfortable to spend money and purchase houses. I also feel that in this economy the town has to watch their budgets.
