**SUMMARY BACKGROUND:** The current, very favorable construction market provides the opportunity to continue 1/3<sup>rd</sup> cent sales tax expenditures for roadway improvements as recommended in the 2002 Street Committee Report. The current construction phase of Robert Road from Spouse to Tranquil will be complete this early Fall. The next anticipated phase of Robert Road construction from Tranquil to Long Mesa does not afford the opportunity for an alternate route for the existing traffic on Robert Road. Staff would like to explore Council discussion of constructing an extension of Viewpoint Dr. from Manley to Long Mesa as the first construction option to provide an alternate route of traffic access before continued roadway widening of Robert Road.
