SUMMARY BACKGROUND: Town was successful in obtaining three individual Federal Transportation Enhancement (TE) grants administered by Arizona Department of Transportation (ADOT) for the PV Pipeline Multi-use Path project –Phases I, II and III for grant funding years in 2006, 2007 and 2008. Total funding amount for the three TE grant awards is \$1,429,600.00 which will be administered as one project. Project limits for all three phases is from Superstition Dr. to Highway 89A which is approximately three miles. Town’s FY ‘11/12 Budget identifies the PV Pipeline Multi-use Path Project as a capital project for design and construction.

Town staff has participated through ADOT Local Government Transportation Enhancement Group to meet the required project scoping submittal requirements and approval documents to gain Federal/ADOT approval for design of the project. The attached Intergovernmental Agreements (IGA) is one of the approval documents required to capture Federal funding reimbursement for the project. Each grant award corresponding to an individual phase for the PV Pipeline Multi-use Path Project requires an individual IGA to be executed for funding reimbursement.
