SUMMARY/BACKGROUND: Upon the recommendation of the Planning and Zoning Commission, consideration of a Zoning Map Change from RCU-70 (Residential; Single-Family Rural) to PL (Public Lands) on properties generally located north of the intersection of Prescott East Hwy and Antelope Lane comprised of Property 1 (APN 103-07-621) being approximately ten (10) acres, and Property 2 (APN 103-07-621B) being approximately one-half (0.5) acre. The subject properties comprise the “Tank Farm” of water storage facilities for the Prescott Valley water system. These facilities were previously developed by the earlier private water company on property located in unincorporated Yavapai County. The water company was later acquired by the Town of Prescott Valley. However, the property was not adjacent to the town Limits so it was not annexed at that time. Property around the Tank Farm was subsequently annexed, allowing this property to be annexed into the Town by Ordinance No. 760 on June 26, 2011. At the time of annexation the property was designated Low Density Residential on the *General Plan 2020* and zoned RCU-70 (RESIDENTIAL; SINGLE FAMILY RURAL) based on the County zoning at the time.

At the June 13, 2011 meeting of the Planning and Zoning Commission, the Commission recommended approval of a General Plan Amendment (GPA11-002) to “Open Space” and a rezoning to PL (Public Lands) in order to be consistent with action taken on other Town-owned properties. A Neighborhood Meeting was held June 1, 2011 and both the proposed General Plan Amendment and rezoning were discussed. Property owners within a one thousand (1,000) foot radius were notified. One property owner attended and had no objection to the proposed changes. The Town Council subsequently approved General Plan Amendment (GPA11-002) at the July 14, 2011 meeting by Resolution No. 1756. The proposed rezoning to PL (Public Lands) is consistent with the adopted Land Use designation of “Open Space”
