The skills and training that I have acquired over the years, I feel, would be beneficial to me in this position. I have a knowledge of the region and the contacts with the other agencies most others would not have. I love to work with the families and seniors and be able to give back to my community. I have, over the years acquired training and skills in dealing with families and seniors that would help me in the position of Councilman. I was on the board of Casa senior Center for 5yrs. I also worked with seniors in the meals on wheels program. I was a liaison on the Prescott Valley council while I was a councilman. I have Facilitator training along with Crisis Management training; both of those courses were college level. In the 26yrs that I have lived in the tri-city region I have made contacts and friends with the very people and agencies that I would need to know to be able to perform in my job. I have also taken lay counseling courses over the years through different churches. All the additional training that I have taken over the years has been at the college level, Indiana University and one course at Yavapai College. I can provide both personal and professional references as needed. I hope to have the opportunity to be of service to my community again.
