Total revenues for the general fund increased by \$2,465,339 over the previous year, with the majority of the increase being attributable to:

Tax revenues (transaction privilege tax and franchise fees) remain above prior year by 9.65% percent but are below budget estimates by 0.68%. This deficit is mainly due to budgeted electric franchise fees of \$250K which were not approved by Council and will not be collected during the fiscal year. Increased transaction privilege tax collections have been identified in every category except for manufacturing and other.

Intergovernmental revenues represent the revenues that the State and other governmental entities provide to the Town. The general fund reports Urban Revenue Sharing, State Sales Tax, Auto Lieu Tax and other intergovernmental revenues (Yavapai County flood control, Yavapai County library, Yavapai College and utility administration).

*State sales tax and auto lieu tax are eleven months of actual collections

Total intergovernmental revenues increased by \$256,669 over the previous year; however we are below budget estimates due to the following:

- Other includes a reimbursement from the Yavapai County Flood Control District which is budgeted at \$1.25 million with \$576,022 reimbursed to date. This is an expenditure reimbursement for the Western Boulevard Drainage Project. This funding was reduced from \$1.25 million to \$600,000 and all expenditures have been reimbursed for the fiscal year.

Fines and forfeitures increased by \$111,528 over prior year and have exceeded budget estimates by 16.42% mainly due to increased photo enforcement collections. This category includes court administration, library fines and photo enforcement.

Other financing sources represent transfers. Actual transfers exceed budget due to an unanticipated one-time transfer approved by Council to fund the purchase of the Long Mesa land and building.

Total expenditures increased by \$3,495,785 over the prior year however, they are below budget estimates.

Highlights of general fund expenditures include:

- Council expenditures include unanticipated funding for the Yavapai County Arizona Centennial Celebration to mark Arizona's birthday.
- Police Department expenditures are over budget due to unanticipated overtime expenses, vehicle repairs and gasoline.

As revenues and expenditures are monitored, it is important to review the Town's position of total revenues over (under) total expenditures to ensure the Town is in compliance with policy and bond covenants. Over the last several years, operations have been partially funded by fund balance, with an actual amount of \$2.8 million this year.

*Highway Users Revenue is eleven months of actual collections

Pursuant to state statute, HURF monies can only be used for street and highway purposes, including right of way and payment of debt service on highway and street bonds. For the Town, HURF revenues support road maintenance and repair as well as capital projects. Total HURF revenues have decreased by \$134,342 compared to the previous year. Compared to budget, revenues are down \$2,040,148 due primarily to:

- Anticipated grant funding for Loos Drive improvements, PV Pipeline Multiuse Path and Central Core Multiuse Path projects are below budget due to delays in the start of these projects.

Total Expenditures \$ 196,911 \$ (422,249) \$ (453,743)

Total expenditures increased by \$516,312 over the previous year; however they are below budget estimates.

Operating expenditures are 10.01% favorable to budget mainly due to lower than expected administrative and repair and maintenance expenses.

Capital expenditures approved for FY 2011-12 are \$1,868,500. The approved projects include multiuse paths, Florentine Road street lighting, Lake Valley Drive improvements and street lights at major intersections.

- The PV Pipeline Multiuse Path project has seen little activity. This project is funded by an Arizona Department of Transportation (ADOT) Transportation Enhancement grant (TEA).
- The Central Core Multiuse Path project is also funded by an ADOT TEA grant and only a small amount of financial activity has occurred for preliminary engineering and design costs.

As revenues and expenditures are monitored, it is important to review the Town's position of total revenues over (under) total expenditures to ensure the Town is in compliance with policy and bond covenants. Over the last few fiscal years, operations have been partially funded by fund balance, with an actual annual amount of \$453,743 this year.

Enterprise Funds

The Wastewater and Water Funds are Enterprise Funds which means they are operated similar to a private business where the intent is for them to be financially self-sufficient with all costs supported mainly by user charges. Because enterprise funds are operated like businesses, they have operational costs, capital, debt service and unlike the government funds, depreciation expense.

Total Expenditures \$ 393,983 \$ 429,962 \$ 878,287

Total expenditures are below prior year actuals by \$246,955 and below budget by \$471,098 due mainly to the following:

Operating expenditures remain lower than expected due to lower repair and maintenance expenses.

Capital expenditures approved for FY 2011-12 are \$245,500. While some planned equipment replacements and repairs have occurred, there has been no financial activity to date on the planned \$125,000 site improvements.

The water fund revenues increased by \$79,175 over the previous year yet are below budget expectations by \$1,435,904 mainly due to the following:

Intergovernmental revenues include budgeted amounts for grant funding that will not be received this fiscal year.

Investment earnings fell short of budget by \$98,928 due to lower than expected interest earnings on investments.

Business type activities are just above budget estimates and have increased over previous year mainly due to water rates which were increased effective November 1, 2010. This fiscal year reflects the new rate compared with prior year reflecting the first four months at the old rate.

Total Expenditures \$ (50,860) \$ (4,098,229) \$ 912,308

Total expenditures decreased by \$883,993 below the previous year, and are below budget estimates for the year mainly due to the following:

Operating expenditures are favorable to budget mainly due to other professional services expenditures budgeted in the Water Resources - Upper Verde River Water Protection Coalition Fund that were expected related to grant funding which will not occur during the fiscal year.

Other expenditures are favorable to budget mainly due to depreciation expense which has not yet been booked for the fiscal year.

Capital expenditures are favorable to budget mainly due to limited expenditures for the North Plains Recharge Facility project and very little financial activity on the Big Chino water project.
